Godfather's Restaurants LLC. Godfather's Pizza Gulf Shores, Alabama

Dear Ms. Walton,

Thank you for your interest in the Gulf Shores, Alabama Godfather's Pizza. As you are aware we have had a recent health department inspection and have gotten a score of 83. We have been in business in Gulf Shores for the last 30 years and take the service of our product to the consumer very seriously. We have averaged over the history of this location scores in the 90's and have consistently maintained a superior product. While our score is below our normal average we are taking the necessary steps to correct same and the score is not reflective of a bad product. Our previous score was a result of our new manager's Serve Safe certificate being expired at the time of the visit. He immediately attended the class and has his new certification. As I am sure you are aware the age of your building can have a effect on certain items which are counted against you such as older racks in the cooler and older paint issues. We have been correcting these issues with the assistance of our landlord and we will be reinspected in the next few weeks. We welcome the opportunity for you to revisit our location. If I may be of any assistance in answering any questions please do not hesitate to give me a call.

Sincerely,
Tim Farris
